

# Medical Foundation of Nashville

2018 ANNUAL REPORT

# Mission and History

The Medical Foundation of Nashville empowers the community by supporting health access, promoting healthy lifestyles, championing health and medical education, and cooperating with other charitable entities to work towards a healthier Nashville. Specific activities include public health education, coordinated charity care (Project Access Nashville Specialty Care), and education for physicians and physicians in training.

The Medical Foundation of Nashville was established in 2018, when it was transferred the charitable and educational programs of the Nashville Academy of Medicine, including Project Access Nashville Specialty Care (PANSC), which was established in 2005.

# Leadership
